

STUDENTSTransfer of Resident Students

Shifts of population may create an imbalance of student enrollment in relation to school building capacity. It is the belief of the board of directors that such an imbalance is contrary to the concept of equal educational opportunity. When necessary, the school administration shall effect a program of intra-district transfer of students or alter attendance boundaries and thereby relieve overcrowded classrooms. Classroom enrollments in the school district shall be kept nearly equal in size and at an economically sound and educationally desirable level.

Adopted by the Board: November 26, 1973

Amended by the Board: June 18, 1990

Amended by the Board: September 8, 1993
