

NON-INSTRUCTIONAL OPERATIONS

Excess Seat Space

It is the intent of the Kennewick School District to provide the best possible transportation service to students in our community. Therefore, once the potential number of student riders for each route has been established on or before November 1st **of each school year**, students who live within walking distance of the school can apply for the use of excess seats on a given **school bus** route. Transportation will determine excess seating.

Adopted: January 24, 1996
