

INSTRUCTION

AIDS Prevention Education

The life-threatening dangers of acquired immunodeficiency syndrome (AIDS) and its prevention shall be taught in the district. AIDS prevention education shall be limited to the discussion of the life-threatening dangers of the disease, its spread, and prevention. Students shall receive such education at least once each school year beginning no later than the fifth grade.

The AIDS prevention education program shall be developed in consultation with teachers, administrators, parents, and other community members including, but not limited, to persons from medical, public health, and mental health organizations and agencies. Parents will receive notification prior to conducting the AIDS education program.
