

## **STUDENTS**

### Students Music Maintenance Fee

A musical instrument maintenance fee of \$20 per semester or \$40 per year will be charged to students using instruments supplied by the Kennewick School District. The fees will be deposited in a school district account to be used to support maintenance charges for musical instruments.

The fees will be collected and receipted in each school office using Kennewick School District accounting procedures.

Music teachers and school administrators may make exceptions to this regulation for students playing more than one school instrument, families with more than one student using a district instrument, or hardship cases. Hardship cases would be students who qualify for free or reduced lunches.
