### Revenues From Discretionary Local Taxes

The District will consider the necessity of requesting voter approval of an excess property tax during dates as established and authorized by law and to be collected in the year following voter approval. Such a levy, if any, will be in that amount permitted by law, which the Board determines necessary to support educational and operation expenses as allowed by law, beyond those provided by state appropriations. The Board will solicit advice from staff and patrons prior to establishing the amount and purposes of the special levy request.
